RAIDERS OF THE WEEK

Defensive end, Tom Hix, left and Linebacker, Robert Dyess were chosen by the ACHS coaching staff for player of the week honors.

Hix made exceptional plays in containing the Tabb runners both inside and outside and according to the coaches, this was just one of many fine performances. Dyess made 13 solo tackles from his linebacker position. He was a definite spark-plug in the Raider defense.

TABB DEFEATS RAIDERS 14-7

"BooBoo" Trent broke through the Tabb defense and scampered 76 yards to pay dirt and put the Raiders ahead 7 - 0 midway through the first period Friday night, but the Tigers came back with 14 points in the second quarter and that was all they needed as Coach Freddy Mitchell's troops held on for the victory.

Appomattox had good field position throughout the third period but could not break through the Tiger defense when they got near the goal. Coach Mitchell used a fake field goal play late in the second period to get a first down and set up the winning touchdown.

The Raiders entertain Amherst this Friday in the final game of the season. The Lancers are now 5 and 3 in district play after defeating Liberty last week.

The final game was played last Wednesday night with Liberty High School defeating Amherst to become the 1976 Seminole District Volleyball Champions!

After regular season play, the Raiderettes were tied for first place with Liberty, each having an 8-1 record. Including tournament play the Raiderettes had a 9-2 record and their overall record for the entire season was an impressive 13-2. The Raiderettes owe their successful season to fine teamwork as well as to some outstanding individual efforts.

VA Questions & Answers

Q - I am medically retired from military service. I intend to buy $10,000 of disabled veterans (RH) insurance coverage. Does this affect my right to buy Veterans Group Life Insurance coverage in the amount of $20,000?

A - No. Coverage under USGLI policies and NSLI policies (including RH policies) is generally limited to $10,000, but this does not limit concurrent coverage under SGLI, VGLI, or VMLI, provided you are otherwise eligible for these programs.

RECREATIONAL VEHICLE COVERAGE

Today, nearly 3 million recreational vehicles are in use in the U.S. Second only to the towed trailer is the self-powered motor home. What is the best type of insurance for the self-propelled camper? Best bet would be a special policy that insures against virtually any type of accidental loss, including collision and upset. In most cases, personal effects such as cameras, clothing, and sporting goods would be covered, too. Liability coverage is also a feature of this type of package policy.

Owners of truck campers may also want to consider the blanket-type coverage offered in this special recreational vehicle policy. All too often, it is mistakenly believed that the insurance on the truck extends to the camper which slides onto the truck bed. This is true only if the camper section is named specifically in the policy and an additional premium paid.

Helpful Ideas From Leading Holiday Inn Food Specialists

Hot dogs can look really top dog if you split them lengthwise, place a strip of sharp cheese in the cut and wrap each with a slice of bacon, secured with wooden picks. Broil on a rack, about 15 minutes.

For a more flavorful salad, put the dressing in the bottom of the salad bowl first, then add the ingredients that taste best marinated, (mushrooms, onions) put the greens on top and set the whole bowl in the refrigerator until just before you're ready to serve, then toss salad at the table.

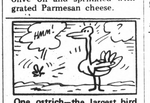
Cooked broccoli can have a tasty Italian accent if it's heated in a saucepan with olive oil and sprinkled with grated Parmesan cheese.



One ostrich—the largest bird now living—weighs as much as 48,000 bee hummingbirds, the smallest birds in the world!
